# Why Host a Dine and Donate?

Tree of Hope supports over 700 children and their families a year to get the vital medical treatment, therapy and equipment that would otherwise be unavailable to them via the UK healthcare system.

We know that for every child we support there are 1000 more children that would benefit from our help.

Dine and Donate is one of our biggest fundraisers and this year we want it to be even bigger.

Tree of Hope and all its volunteers raise funds for therapy, treatment and equipment for children with varying illnesses and disabilities.

Including autism, cerebral palsy, cystic fibrosis, plagiocephaly, global developmental delay and childhood cancers, retts syndrome, epilepsy, visual impairments, dystonia, down syndrome and meningitis complications, SWAN and many more.

Supporting over **700** families

Tree of Hope provides **financial, marketing, social media and fundraising** advice and support as well as providing a listening ear for families.

"I was keen to mark International Women's Day so I thought I'd host a Girls night out-in with some local girl friends. Having recently learnt about the work of Tree of Hope from a good friend and hearing about Dine and Donate, I decided to combine the two. Whilst celebrating our awesomness as women, mothers, support networks and friends, together we raised almost £500 for such a great cause whilst having a blast!"

**So, don't put it at bay, show your guests a mint thyme at your Dine and Donate!**
